

Janice Connors
Chief Executive Officer
Mountain-Pacific Quality Health

Ms. Connors is the Chief Executive Officer of Mountain-Pacific Quality Health, a health care focused, utilization and quality of care review organization. Janice has served as CEO since 1982.

She graduated from Carroll College in Helena, MT with a degree in Health Information Management. Her background includes work in the field of health care data analysis, quality improvement in health care, health information technology, and corporate management and development. She has served on many local and national advisory councils concerned with the adoption of health information technology, health care access reform, health care payment reform, and health care effectiveness initiatives.

Under her leadership Mountain-Pacific has grown from its Montana beginnings, providing consultation and review services to Wyoming, Alaska, Hawaii, American Samoa, Guam, and the Commonwealth of the Northern Marianas.

Janice is married to her husband of 32 years, Dan, a pharmacist with the Veterans Administration in Helena, Montana. They have three daughters.
